

3100-BOS-EM-08 SYSTEM

Phone: 403-529-9645 Fax: 403-527-1369
WWW.CORELUBE.COM

Designed to apply self penetrating medium & heavy oils.
Accommodates Wire Rope Sizes From: .040" (1.mm) to 3" (76.mm)

The CORELUBE ADVANTAGE FOR THE SKI INDUSTRY

Don't confuse the BOS systems with grease applicators, there is no comparison.

- High speed lubrication (2.0 ~ 3.0 meters / Sec.)
- Even light lubricant coatings.
- Operates at any angle or direction.
- Light Weight
- Easy to operate.

The BOS electrical pump system is designed to deliver a precise even coating over a wide range of rope speeds as required by the ski industry.

The 3100-BOS-EM-08 Electrical Pump System.
AC power: 110-220VAC, 50/60Hz, 6 Amps
Can be run from a Battery Power Pack.

2100-BOS Collar
1.0 mm to 43.0 mm

3100-BOS Collar
12.7mm to 76.0mm

Even coverage at high speeds (2.0 ~ 3.0 m/sec.)
